FORWARD-LOOKING STATEMENT

In this Annual Report, we have disclosed forward looking information to enable investors to comprehend our prospects and take investment decisions. This report and other statements - written and oral - that we periodically make contain forward looking statements that set out anticipated results based on the management's plans and assumptions. We have tried, wherever possible, to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward looking statements will be realised, although we believe we have been prudent in our assumptions. The achievements of results are subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialize, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should keep this in mind. We undertake no obligation to publicly update any forward looking statement, whether as a result of new information, future events or otherwise.

Welspun India is guided by the belief that sustainability is about crafting material impact for its stakeholders and communities. This helps us understand the rapidly transforming market and prepares us to align our insight to build sustainable business models, communities and environment.

As India implements significant policy measures for greater social inclusion, our designs, products, and initiatives are intertwined for our own sustainable future and the communities that we operate in.

We strongly believe in the exciting synergies achieved from our sustainable business model. They ensure consistent performance, optimal resource allocation and value creation for our stakeholders.

Sustainability forms an intrinsic part of our DNA at Welspun India and does not just stop at having a business model that is strongly sustainable for times to come. It is reflected from sourcing cotton responsibly, to the multitude of environment-friendly practices in manufacturing and operations, to our initiatives under the SPUN project. Besides this, our Corporate Social Value (CSV)

initiatives focus on the 3Es - Education, Environment and Health and Empowerment. Our objective is to seamlessly integrate our weaves with the lives of our community members.

By creating such experiences, we ensure our growth positively impacts livelihoods and environment.

Our overall efforts reflect a higher purpose that goes beyond our products and bottom line.

Our sustainable operations result in, not just better value for our stakeholders but also in improving the society around us and the communities that we serve.

CHAIRMAN'S MESSAGE

2015 -16 was a landmark year for Welspun India Limited. Your Company achieved record annual sales and profit. We were ranked as the No. 1 Home Textile Supplier to the US for the fourth year in a row. Our consistent focus on customer centricity and innovation has shown results.

My dear fellow stakeholders,

I am pleased to share with you that the fiscal 2015 -16 was a landmark year for Welspun India Limited. Firstly, in this Financial year, your Company achieved record annual sales and profit. Secondly, we were ranked as the No. 1 Home Textile Supplier to the US for the fourth year in a row. I'm also proud to announce that we have become the first Indian textile Company to receive the 'Egyptian Cotton Trade Mark Certification Gold Seal'. All this has been possible owing to our unique approach to Home Textiles which has helped us cement our leadership position across the globe.

WELSPUN 2.0

Friends, we now have a new vision, mission and values and are undertaking initiatives to transform Welspun into an institution in the times to come. As we have taken the first step towards this journey that we call Welspun 2.0, we have adopted 'Leading Tomorrow Together' as our new philosophy for the Group.

Our textile industry, like several others, is being profoundly altered by new technologies and changing customer expectations. As we take Welspun India to the next level with Welspun 2.0, we are assessing our businesses through a fine lens. We have aligned our focus on people development and professional management. Through this we are targeting a stronger leadership pipeline that can consolidate Welspun India's position as one of the 'Most Innovative Home Textiles' company in the market and a great place to work. Our future success depends on our ability to harness our market intelligence, unique product portfolio and brand offerings. Therefore, we are continuously re-engineering ways to elevate client experiences through collaboration by launching innovative products with technology as the backbone to achieve inclusive and sustainable growth.

DELIVERING ON COMMITMENTS

All our efforts have translated into strong financial results. Over the years, we have consistently delivered on our commitments, better than what we promised. FY15-16 was also a stellar year, as we crossed the ₹ 7 billion PAT milestone. We also generated positive free cash flows during the year. Our brand 'Spaces Home & Beyond' was one of the key focus areas for the domestic market resulting in strong growth in the domestic retail segment i.e., 47% during the year. The share of branded sales has reached 13% in the overall sales of the company, up from 11% during the previous year. Apart from this, the Company has also increased its focus on new channels such as e-commerce and hospitality resulting in new channels contributing 5% of overall sales. We are also developing various products specifically to cater to the hospitality segment customers. The hospitality business of the Company has doubled during the year.

Customer-Centricity

During the year, we have significantly enhanced our customer focus by strengthening our product portfolio. With an emphasis on technology and through the use of Data Analytics and VMI Support, our focus is to enhance product differentiation and develop unique designs that provide us significant competitive advantage. Also, in order to cater to the growing demand, we have increased our capacities during the year. We increased our towel and sheet capacity by 20% each during the year. We are further increasing these capacities in FY17 – towels from 60,000 MTPA to 72,000 MTPA, sheets from 60 million metres p.a. to 90 million metres p.a. and rugs and carpets from 8 million sq. metres p.a. to 10 million sq. metres p.a.

With its global reach, delivering to more than 50 countries and 18 of the top 30 global retailers, Welspun India is the preferred choice for its clients in the Home Textiles space globally. Today, the

Company has 20% market share in the US in towels and 11% in bed linen.

Innovation

In line with our vision of Welspun 2.0, we are working diligently on differentiating ourselves from our peers to establish top-of-mind recall for our customers and clients. Our major thrust has been on innovation and development of new products. Apart from our own innovation lab, we have partnered with various institutions to develop new products and solutions. Currently Welspun India has twenty- six patents (including pending ones). In fact, 34% of the FY2016 sales were contributed by innovative products developed/ owned by the company.

Branding

In the past year, we have consistently worked on branding and marketing our innovative products. We undertook a highly successful nation-wide media campaign in the US for our patent Hygro cotton® which is also now an ingredient brand. This resulted in Hygro cotton® crossing the US\$100 million milestone in sales and accounting for more than 10% of the company's overall revenues.

BUILDING A RESPONSIBLE BUSINESS

Sustainability

Water being a principle element in Welspun India's operations, we have taken a significant step this year towards water recycling. In order to fulfill the Clean Environment campaign by the Government of India and our sustainable water requirements, we have entered into a concession agreement with Anjar, Gandhidham - Adipur Nagar Palika and are in the process of setting up a 30 MLD sewage treatment plant with the necessary allied works, in order to recycle and reuse the waste water generated in these cities.

Through these efforts we intend to decrease our dependency on fresh water consumption which would increase the availability of fresh water for the communities around us.

Inclusive Growth

We have worked tirelessly in uplifting and empowering communities. Taking forward the Government's vision of turning every village into a 'Smart Village', I am happy to share that we instituted our very first Smart Village at Versamedi in Anjar, Gujarat. Based on the principle of 5Es, we are securing education for children, empowering communities with livelihoods, providing essential infrastructure and e-connectivity with a focus on environment and health.

VISION 2020

As stated in my last year's message, the outlook for the Indian home textile industry continues to be positive. The Indian industry is expected to further expand its market share in the US, Europe and Japan as well as the domestic market. In my view, Welspun India is poised to capitalise on this opportunity with additional capacities in Towels, Bed Linen and Rugs and Carpets. Keeping these factors in mind, we have coined our Vision 2020 for Welspun India.

Through our Vision 2020, we intend to achieve:

- Revenue: USD 2 bn
- Net debt: Nil
- Innovative share: 40%
- Branded share: 25%
- Domestic share: 20%

Lastly, I take this opportunity to express my sincere gratitude to our Board of Directors, our Management, our dedicated employees and our esteemed customers and suppliers, bankers and investors, for their unrelenting dedication, support and commitment to Welspun.

Sincerely,

Best Regards,
Balkrishan Goenka

BCI-CERTIFIED VENDORS

We are aware of the environmental impact of large quantities of water and pesticides sprayed for cotton cultivation. The negative effect of climate change on the production of the crop is also a matter of concern for us. Keeping this in mind, we procure a certain amount of cotton from Better Cotton Initiative-certified vendors. This ensures that the cotton used by us is responsibly sourced, environmental impact is reduced, and leads to improved livelihoods and economic development in the cotton producing areas of India.

SOURCING SUSTAINABLY

As a purpose-driven manufacturer of home textiles, we are committed to being inclusive and providing textile products and solutions using environment friendly practices.

It is our primary objective to implement sourcing methods that also positively make a difference to farmers' lives who grow cotton, the key raw material of our value chain.

ORGANIC PRACTICES

To minimise environmental impact we have aligned the manufacturing of certain products as per the guidelines set by Global Organic Textile Standard (GOTS). The guidelines ensure that textile products are manufactured organically, right from the harvesting of cotton to manufacturing that is carried out in a socially and environmentally responsible manner.

In addition, our facilities at Anjar and Vapi are certified by OEKO-TEX® Standard 100, a test and certification system for product safety and sustainable production. We follow the 'REACH' (Registration, Evaluation, Authorisation and Restriction of Chemicals) regulations that restrict the use of harmful substances during our manufacturing processes and reuse cotton waste to lower the consumption of our key raw material.

ENVIRONMENT MANAGEMENT

Environmental conservation is embedded in our business operations. Through efficient environment conservation practices we also contribute towards the development of our neighbouring communities.

At Welspun India, we are committed towards leadership across our business operations and attaining leadership in environment management is a strategic imperative.

We have a system that helps the organisation to adhere to environment protection measures.

KEY PRACTICES IN PLACE

- Sustainability is inherent to our product innovation and design. At Welspun India, we have introduced 'eco smart rugs' and 'recycled polyester' products as well as other items produced with minimal usage of water and energy as part of our 'Bath, Bed and Rugs' product lines.
- We also encourage environmental awareness among our employees. In the absence of proper methods of e-waste disposal at homes, we encourage our employees to dispose their e-waste at our corporate office. The e-waste is then disposed through a responsible vendor.
- We sensitise employees and generate awareness on environmental conservation, primarily on the ways to save water, reduce energy consumption, plant trees and reduce waste.
- We reduced energy consumption at our plants by efficiently utilizing the Condensate Heat Recovery method. Over and above this, Energy efficiency projects were carried out based on the results of Energy Audits.
- We compressed our secondary packaging to ensure less space taken and more products transported, thus, reducing emissions substantially.

WATER MANAGEMENT

Water is a principal element for Welspun India's operations. Importantly, recycling water is critical since it is a scarce resource.

- Waste water is recycled and reused at Anjar and Vapi manufacturing units of Welspun.
- Presently, no Municipal Sewage Treatment Plant is available in the city of Anjar, Gandhidham and Adipur.
- We have entered into a concession agreement with the Anjar, Gandhidham - Adipur Nagar Palika, to set up a sewage treatment plant with necessary allied works. This would enable recycling and reusing of sewage water which will be used for

our operations thus decreasing the intake of fresh water for our manufacturing processes.

We intend to decrease our dependency on fresh water consumption which would increase the availability of fresh water for the communities around us.

WASTE MANAGEMENT

- We reuse waste as an alternate source of material that can be used in a different operation of our business.
- For instance, we reuse coal ash - waste generated from our operations - to make bricks used

Biogas Plant at Anjar

- for constructing workers' homes and boundary walls.
- At Anjar, we have a bio gas plant that converts bio-degradable waste to energy. The kitchen waste as well as horticulture waste is sent to the bio-gas plant that generates energy for cooking meals in our canteen at Anjar.
- We send our waste PET bottles for recycling through an NGO at our corporate office thus mitigating the harmful impacts to the environment. We also send the waste paper at our corporate office to the same NGO for recycling and the same gets converted to note pads.

SPUN™ WASTE NOT™

Driven by the local women artisans of Kutch, the 'Spun™ Waste Not™' is a model wherein factory scraps are re-used in innovative ways to create a catalogue of sustainable contemporary products, such as decorative pillows, rugs, table linen sets, duvet covers, quilts and other accessories with an indigenous appeal.

EXPLORE RICHES OF KUTCH WITH SPUNDANA TRAIL

The change that the SPUN Project is bringing about needs to be experienced. This thought led to the genesis of the SPUNDANA Trail. Signifying positive vibrations and motivations, SPUNDANA is a journey aimed at experiencing the lost arts of Kutch, women empowerment and the SPUN project.

The trail begins with an overnight stay at Welspun City, Anjar, followed by a visit to the SPUN vocational centres at Ratnal and Khambra. Visitors get a first-hand experience of the efforts of talented women at work. A visit to the Fossil Park follows that has the largest premium collection dating back to the Indus Valley Civilisation. A stop at Nirona, an artisans' village is next. Artisans here specialise in Rogan Art, Bell Making and Leather work.

SPUN: THREADS WITH A SOUL

By reviving traditional arts and indigenous techniques such as block printing, kantha embroidery, mirror work and applique techniques,

the SPUN project seeks to empower rural women artisans and craftsman and connects them with the global markets.

This is followed by a view of the sunset across pristine miles of the White Rann. A traditional Kutchi haveli at Devpur is the venue of dinner that includes regional cuisine and a home stay. This trail will soon be opened for travellers.

OUR STRATEGY – HOW WE WEAVE VALUE

Our business model seeks to weave and sustain long-term value for the stakeholder ecosystem that we operate in.

We have adopted a clear strategy, in line with our Vision 2020, that seeks to potentially transform our business. The process has begun and our focus is aligned to an efficient value chain, improved market share, greater integration of the supply chain, enhancing capabilities, launching newer and better products. Importantly, we aim to derive competitive advantage and increased economic value from our operating model.

CUSTOMER CENTRICITY IS KEY TO SUSTAINABLE VALUE CREATION

Customer centricity plays a critical role in designing and creating best-in-class home textile products. We consistently design and offer new solutions to delight our customers. During the year, we further enhanced customer focus strengthening our product portfolio. In addition, we have sustained our leading position in Terry Towels and Cotton Sheets segments in the US.

Our efforts have resulted in higher market share in the US market compared to the previous year.

Our state of the art design studios drive our product development

and design efforts. From ideation of design, to customer interactions, our teams collaborate to enhance product differentiation and develop unique designs that provide us significant competitive advantage. Our teams marry consumer needs from 50 countries with insight and a well-planned brand and delivery focus. The Product Development team and Welspun Innovation Lab contribute to new design themes. While our Technology and Product delivery resources use B2C/B2B Connect, Data Analytics and VMI Support to offer better solutions to customers. Such capabilities have contributed substantially to our industry leading products, market growth and adaptability to changing segment demands.

UNIQUE REVENUE MIX AND HIGHER MARKET SHARE

Our unique innovation-led, market oriented and purpose driven approach has significantly grown our business in 2015-16 by 13%. Innovative products contribute 34% to the overall revenue. We improved our market share in the US Towels segment to 20.1%; 11.3% in the US Bed Linen segment. Our domestic retail operations grew 47% on account of a focused marketing and branding strategy and stronger relationships with key customers.

Branded products contribute to 13% of the total revenue.

Our new channels, including the e-commerce venture, has considerable growth potential and currently contributes 5% to the top line.

Customer centricity plays a critical role in designing and creating best-in-class home textile products. We consistently design and offer new solutions to delight our customers.

UPGRADING CAPABILITIES, INVESTING FOR TOMORROW

Technology and Automation are among our key business differentiators, which allow us to be nimble, resilient and innovative. A significant part of our capex in the last three years was to modernize our manufacturing systems. The objective of this initiative was backward integration and increase operational efficiency. Preparing for the future is a key imperative for us and we will invest another USD 120 million for plant modernization and finished product capacity expansion in FY 17.

Higher utilization of world-class capacities allows us to scale our business with lower marginal costs. The project will further enable vertical integration. This enables us to be nimble with faster speed-to-market.

INNOVATIVE PHILOSOPHY

WELSPUN 2.0 TOMORROW TAKES WINGS TODAY

During the year, we embarked on a historic, transformative journey that has the potential to shape Welspun India of the future.

Our journey is inspired from our fundamental abilities: an ambition to grow big and our risk-taking capability. This spirit essentially defined our growth till 2015. However, as we prepare to address the markets, customers and growth strategies for the future, we embarked on a new journey, a journey we call Welspun 2.0. We are gradually equipping ourselves for the future with renewed goals and revolutionary initiatives.

OUR VISION

Delight our customers through innovation and technology, achieve inclusive and sustainable growth to remain eminent in all our businesses.

By 2020, we aim to be amongst:

The top 2 value creators in each of our business

The top 10 most respected Indian brands

OUR PHILOSOPHY

WAY OF LIFE

A clear and ambitious vision is the bedrock of strong and uncompromising values. These values then shape a whole new way of life. At Welspun, we have identified some key attributes that we must all consciously build into our daily routine. These will help us change our approach to work and us achieve our mission together.

OUR CORE VALUES

Customer Centricity

We understand our customers and always act in their best interest. We make them central to everything we do and share their stories across the organisation. We live by a customer-first philosophy and prioritise them over everyone else.

Technology

We embrace technology to elevate performance. We are working with colleagues and are simplifying processes to make technology work for us. We are adapting to change willingly to make things better in the future.

Collaboration

We are working together towards common goals that put Welspun first. We are developing a strong sense of connect and trust with people we work with across teams and are willingly sharing credit and success with those who helped us along the way. We are breaking down silos between departments and work as One Welspun.

Inclusive Growth

We are committed to giving back to the society. We consciously aim to build and enhance Corporate

Social Value by contributing our bit towards the community and the environment. We are making Welspun an employer of choice for women through progressive policies. We are also consciously working towards increasing the women work-force by 20% across the Group, by the year 2020.

WELSPUN20

Accepting Future

We are committed to being relevant... through technology and innovation, by responding to customer needs and by encouraging our people to dare to risk. We are finding new ways to work, shape a new culture and create a sustainable enterprise. We are fulfilling our social responsibilities and will continue to foster women empowerment at all times.

"We have always been ahead of our competition because of our high level of commitment and team work. Whatever, Welspun is today is because of each and every Welspunite's hard work and dedication. As I see the rich potential in the team that we have all built and as we focus on our 2020 vision, I am extremely proud and confident. I know that my dream of Welspun becoming an institution will become a reality."

- BK Goenka
Chairman,
Welspun Group

THE PEOPLE EDGE

The people charter at Welspun India is driven with considerable focus on building skills relevant for the new age, acquire competitive advantage and provide sustainable business edge.

We have focused on inculcating a transformational culture with an emphasis on technology and processes. Some of the key initiatives during the last financial year included.

We strive to strengthen our Leadership pipeline. We have built our design for this, right from diagnostics to development to future-readiness.

IMPLEMENTATION OF SUCCESS FACTORS AT THE GROUP LEVEL

We commenced this initiative in 2015-16 and intend to complete its implementation across the organisation. The objective is to have a consistent people process system that streamlines decision making. In addition, we have continued with our work on building a unified Welspun culture and experience. The focus on four values of Customer Centricity, Collaboration, Technology and Inclusive Growth has been enhanced.

LEADERSHIP BUILDING REMAINS A THRUST AREA

We strive to strengthen our Leadership pipeline. We have built our design for this, right from diagnostics to development to future-readiness. Execution has begun and we have committed to build in-house talent pipeline and prepare them for future roles.

HR TRANSFORMATION

High performance is the top priority for us. To instil this culture, we have embarked on a journey that focuses on adoption of best in-class practices, processes and policies. We have also built a standardised induction and on-boarding module that ensures a unique 'end to end' candidate experience.

SKILL DEVELOPMENT

Training and Development is the foundation of growth for an individual, the organisation and the nation. We leveraged our corporate resources and expertise to provide tailor-made programmes that accelerated the growth of our own people.

EMPOWERMENT

We believe in empowering the community to improve their lives, through enhancing their skills and positively impacting their livelihoods.

We strive to make people active partners. We champion social entrepreneurship through our programmes that empower women and our own people. Going ahead, we will continue to innovate, strengthen our ongoing CSR activities and expand the scope and coverage of our programmes. Our initiatives for the local women offer innovative and sustainable

solutions to address the myriad social challenges associated with a growing India. Our efforts are woven in our heritage as a home textiles manufacturer, and therefore, we add value by leveraging our expertise serving the women through offering them opportunities at our various vocational centres.

EDUCATION

We have demonstrated an ability to be guided by our belief that we can create an impact beyond yarns and textiles. Education can change lives for the better. Over the course of the next five years, by 2020, we plan to extend the reach of our education projects to all government schools in Anjar.

Our key initiatives on promoting education include:

- Welspun Vidya Mandir at Anjar focuses on providing quality education to 1500 students, up to standard XII and following the CBSE curriculum. Extracurricular activities such as community engagement, welfare programmes, art and crafts are integrated into a holistic learning approach.
- Quality Education Project at 41 government schools in Anjar reaches out to over 10,000 students.
- Deployment of 60 Para teachers at Anjar.
- 'Smart Classes' installed in all 28 schools in Anjar to deliver the curriculum in an engaging and interactive audio-visual

format. Libraries, furniture and televisions to aid teaching through audio-video mediums were installed in primary schools at Kudregundi & Holalu villages in Mandya.

- 3 Adult Literacy Classes for 175 women at 3 villages in Anjar, Ratnal, Sinugra and Satapar.
- Vocational training at a Secondary School in Ratnal, Anjar where 55 students from the 9th grade are being trained.

ENVIRONMENT AND HEALTH

Some of our initiatives in the Environment and Health segment include setting up of RO plants around our facilities, conducting health camps, providing mobile health vans, constructing sanitation facilities, planting of trees and bio-diversity drives.

Our efforts comprised

- Partnered Anjar, Gandhidham - Adipur Nagar Palika to build a sewage treatment plant (STP) at Anjar. The project will recycle and treat waste water generated in the two cities. The total water requirement at the Anjar plant will be met by processed water from the STP. We intend to decrease our dependency on fresh water consumption which would increase the availability of fresh water for the communities around us.
- Created awareness among communities to plant trees and distributed saplings.
- Green Village program: 8000 saplings planted in 14 villages of Anjar Taluka.
- 200 saplings planted at 2 govt. schools in Mandya.
- Beach Cleanup drive at Juhu beach by employees after Ganesh Chaturti.
- Health Camps were conducted to address specific healthcare concerns. We provide healthcare support facilitated by specialists and trained doctors through periodic medical check-ups, diagnosis camps, blood donation drives, and awareness sessions on maternal healthcare, child care, malnourishment, HIV/Aids, hygiene and sanitation.
- To promote hygiene and sanitation, 1500 toilets have been constructed at 18 villages in Anjar, Gandhidham and Rapar Taluka.
- Blindness Control Program
- for elderly people where 468 individuals were screened and 85 referred for eye surgery.
- Facilitated a Pulse Polio Drive in association with District Government Health Department across Mandya District.
- Community based RO plants installed in 4 villages- Versamedi, Satapar, Lakhapar and Ambapar and 1 250 LPH installed in Versamedi Primary School, providing pure drinking water to over 20000+ villagers and around 700 school children.

LENDING A HELPING HAND

WFHK commits to promote and protect community health through a range of initiatives from delivering preventive healthcare services, improving community hygiene and sanitation, providing clean drinking water, awareness and blood donation drives, and improving the quality of healthcare infrastructure.

Our key initiatives include:

- Mobile Health Vans (MHV) have been deployed in partnership with another NGO. The MHV is a moving dispensary manned by a qualified doctor, pharmacist and a social worker. It is fully equipped with medicines and diagnostic tools and can travel to rural villages to provide basic healthcare facilities. MHVs reach

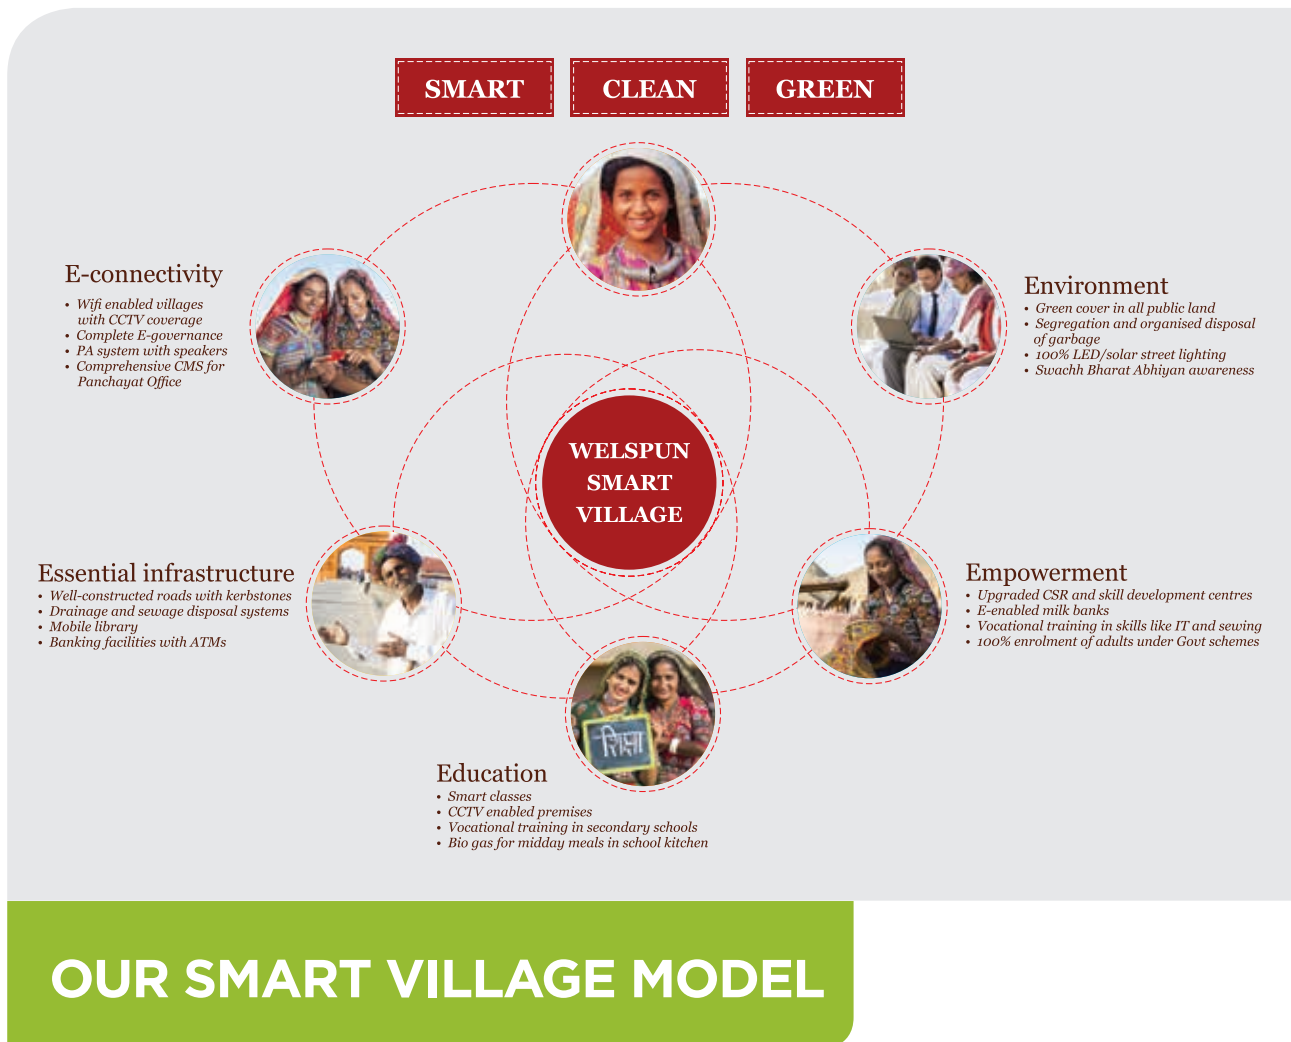

Pushing ahead with a meaningful growth agenda

We are proud of our CSR achievements. Nevertheless, there is a lot of ground to cover and our priorities for 2016 have opened up a world of possibilities. Our targets for 2016 include substantial growth across Social Development goals and we remain confident of positively affecting several more lives.

We will expand hostels for girl students, vocational centres for SPUN, add Smart Villages, extend Skill Development capabilities and strengthen the Global Women Empowerment initiative.

CORPORATE SOCIAL VALUE CREATION BY FOCUSING ON 3Es

In line with the Government's vision for smart villages in India, we have instituted our first smart village at Versamedi at Anjar (Gujarat). With a focus on 5Es our efforts to improve our villages include a focus on essential infra, e-connectivity, empowerment, environment and education. We plan to replicate this model to more villages in the coming years.

Transformation of Versamedi Village A Case Study

Versamedi village in Kutch district, Gujarat has about 1500 households and a total population of about 6000 people.

Versamedi village in Kutch district, Gujarat has about 1500 households and a total population of about 6000 people. We entered this village with a vision to convert it into a smart village in collaboration with the Versamedi Gram Panchayat and identified various gaps in the process. Our attempt at bringing about a change at the grassroots' level enabled us to look over those grey areas and move ahead in a strong and sturdy manner.

Our planning phase involved a lot of interaction with the locals as well as a comparative research analysis to ensure best results. We started off with a detailed interaction with the Sarpanch and other prominent people of Versamedi to understand the aspirations of the villagers. It

helped us create a detailed check list of existing facilities along with keeping the aspirations and features that can be incorporated, in mind. The models of other smart villages like Punsari were studied in detail and a visit was arranged for the Sarpanch and a few selected villagers to sensitize them about this new concept. After a huge round of research, a detailed plan including budget and source of funding was formulated which brought us a step closer to our vision.

Some of the activities that were initiated under our 5E model are as follows:

EDUCATION

School Renovation, SMART Class, AANGANWADI- Pre Primary center for village children.

EMPOWERMENT

Vocational Center, Kaushalya Vardhan Kendra (K.V.K.), ITI Center, Mobile Library.

ENVIRONMENT & HEALTH

Health Programs, Green & Clean Village (Plantation of approx. 5000 Trees & Shrubs), Development of lawn, Public Health Center, 2 community based RO plants (500 LPH) have been installed in 2 different locations of village - 1 RO plant of 250LPH is installed at Primary School, Biogas Plant (Installation of 1*60 m³/day capacity IB Plant at Varsamedi - Construction Ongoing)

ESSENTIAL INFRA

LED Lighting, Construction of New Roads, Development of Sports Complex - Yoga, Gym, Basketball & Volleyball, New Shopping Complex, New Bus Stands, Posters and Banners (22 sign boards & 50 awareness boards installed.)

E-CONNECTIVITY

WIFI (Total 8 WiFi Zones created to facilitate internet access facility), PA System (Entire Village is covered with 52 speakers for centralized public announcement from CMS Room), CCTV (32 cameras installed to monitor all the critical locations of the village from CMS Room & Smart Terminal), website (Website www.varsamedi.com was launched to keep people updated about the village information - population, geographical area, governing body, history, current facilities etc.)

SWACHH WELSPUN ABHIYAN

We at Welspun believe that great values are often associated with clean organizations. Under this belief, our Chairman Balkrishan Goenka launched “Swachh Welspun Abhiyan” (SWA) at Welspun Group. The Chairman formulated nine groups to own the cleanliness drive and directed each of them to form a network for driving the initiative. SWA was initiated at WIL, Anjar during December 2014 by Anil Channa, Executive Director, WIL.

5S – THE FOUNDATION

Cleanliness is simply an outcome of doing an activity efficiently. We needed an input tool to create Organizational discipline. The 5S system is one of the most common Lean Manufacturing principles, and generally the first one applied during implementation. 5S is a philosophy that focuses on effective total workplace organization cleanliness and standardization.

It is a Japanese technique and stands for five Japanese words starting with the letter “S” viz. Seiri, Seiton, Seiso, Seiketsu and Shitsuke.

THIS WAS ACHIEVED THROUGH

- Organogram and Review Mechanism: Organogram was formed with 9 Zone Leaders Team covering all the areas from end to end. The Review Mechanism was derived with a clear TNA and responsibility charter.
- A Signature Campaign: A signature campaign with “Litter – free workplace” was conceived. The idea was to take an oath and sign in the banners and display across the organization involving every individual of the Organization from top to bottom.

- Learning & Development: Effective communication and Training is imperative during any new initiative. Public Addressing Systems such as Skit displays, Group meetings with Operators, Announcements, Electronic Communication and displaying Videos at Canteen and Workplace were utilized to create awareness among massive workforce. Visual Training to the Operators was given by the Zone and Sub Zone Leaders.
- Implementation concept: We worked on an implementation concept by creating Model workstations; further calling the Zone Leaders to discuss about the pros and cons of the implementation. Based on the outcome of the Review, the suggestions were considered before the proliferation through Horizontal deployment.

- Daily 5minutes cleaning: In order to ensure the involvement and participation of the Team, we set up with a daily 5 Minutes cleaning activity with a Cleaning Music to encourage the rhythm of the Operators in the Cut and Sew Floors. It reminded every individual that it is time to clean up workplace and hand it over to the next Shift Operator.
- Waste Management and Greenery Development: The basic 3R Principle – Remove, Repair and Recycling concepts were implemented with the Six Sigma approach namely

DMAIC (Define – Measure – Analyse – Improve – Control) to maximize the utilization of Bio gas, Conservation of Drinking Water, CRP Heat Water recovery, Consumption of Sewing Threads and Shredder were key among the giant steps taken towards the Waste Management.

Besides keeping the internal workplace clean, the focus is also on preserving and maintaining the greenery outside the facility. During 2015, we had planted more than 10,000 units of Plantations across WIL in which the survival rate is more than 85 percent.

MANAGEMENT DISCUSSION AND ANALYSIS

Rajesh Mandawewala
 Managing Director

“Despite a subdued global market scenario, the Indian home textile industry and Welspun India in particular has shown considerable growth.

I am happy to report that FY15-16 was a momentous year for WIL. During the year, we achieved our highest ever sales and profitability. While we maintained our dominance in the home textile segment, we undertook several initiatives for long-term growth and market leadership. We continued to receive several awards and accolades for our high quality standards, consistent innovation and growing sustainability initiatives.”

The Management Discussion and Analysis (MDA) should be read in conjunction with the Audited Consolidated Financial Statements of Welspun India Ltd (‘Welspun’ or ‘WIL’ or the ‘Company’), and the notes thereto for the year ended 31st March, 2016. This MDA covers Welspun’s financial position and operational performance for the year ended 31st March, 2016. Currency for this MDA is Indian Rupees unless otherwise indicated. The numbers for the year ending 31st March, 2016 as well as for the previous year are on a consolidated basis and regrouped and reclassified wherever necessary.

WELSPUN INDIA LTD - BUSINESS OVERVIEW

Welspun India Limited ('Welspun' or 'WIL' or the 'Company') is the global leader in home textiles; and was ranked as No.1 supplier to the US for 2015 by Home & Textiles Today magazine. This is the fourth year in a row that the Company has achieved this distinction. With its global reach, delivering to over 50 countries and 18 of the top 30 global retailers, WIL has emerged as the preferred choice for its clientele in the home textiles space globally. Today, the Company has a 20% market share in the US in towels; and 11% in bed linen.

With world-class manufacturing facilities in Gujarat, India, the Company offers a wide-range of home textile products in Bath, Bedding and Flooring solutions to a wide consumer cross-section globally. Welspun had highest global exports from India in the financial year ended 31st March 2016 in towels, bed linen and overall home textiles categories. It is India's first textile company to receive the Egyptian Cotton Trademark Certification. About 95% of its revenue is derived from exports to various countries across the world; with the Company having strong presence in key markets, such as USA, Canada, UK, and continental Europe.

The Company owns brands (such as Christy, Spaces and Welhome) which constitute around 13% of its sales. It has a strong and consistent emphasis on innovation. This is evident in the number of patents (26 global patents, including pending patents) and trademarks, which it holds/ awaits approval. Around 34% of WIL's total revenues come from innovative products developed by the company.

GLOBAL ECONOMIC OVERVIEW

In 2015, economic activity across geographies remained largely subdued. Global growth again betrayed expectations in 2015, declining from 3.4% in 2014 to 3.1%. Growth in emerging markets and developing economies—while still accounting for over 70% of global growth—faced significant headwinds. Growth in these markets declined for the fifth consecutive year, while a modest recovery continued in advanced economies. Weak demand and soft commodity prices triggered fears of deflation in some key advanced economies, prompting renewed divergence in monetary policy stances.

With fragile domestic economic fundamentals, emerging economies remained vulnerable to market swings and capital outflows. Three key transitions continued to influence the global outlook during the year: (1) the gradual slowdown and rebalancing of economic activity in China, away from investment and manufacturing towards consumption and services; (2) lower prices for energy and other commodities; and (3) a gradual tightening in monetary policy in the United States in the context of a resilient U.S. recovery; as several other major advanced economy central banks continued to ease monetary policy.

Oil prices have declined considerably in CY2015, reflecting expectations of sustained escalation in production by the Organization of the Petroleum Exporting Countries (OPEC) members, amid continued global oil production in excess of oil consumption. Monetary easing in the Euro area and Japan is proceeding broadly as previously envisaged, while in December 2015 the U.S. Federal Reserve lifted the federal funds rate from the zero lower bound.

Overall, financial conditions within advanced economies remained very accommodative. Prospects of a gradual increase in policy interest rates in the United States as well as bouts of financial volatility amid concerns about emerging market growth prospects have contributed to tighter external financial conditions. The result is declining capital flows, and further currency depreciations in many emerging market economies.

The collapse of international commodity prices, especially of crude oil, seems to have reallocated demand across the economies. Manufacturing activity and trade remain weak globally, reflecting not only developments in China, but also subdued global demand and stagnant investments across economies. Additionally, the dramatic decline in imports in multiple emerging markets and developing countries in economic distress also weighed heavily on global trade.

Going forward, global growth is projected to edge up, but at a slower pace. It is expected to reach 3.2 percent in 2016 and 3.5 percent in 2017. Growth in advanced economies is projected to remain flat in

2016 at 1.9 percent, and marginally improve in 2017 to 2.0 percent. Overall activity remains resilient in the United States, supported by still-easy financial conditions and strengthening housing and labour markets, but with dollar strength weighing on manufacturing activity and lower oil prices curtailing investment in oil & gas sector. Risks to the global outlook remain tilted to the downside and relate to on-going adjustments in the global economy: a generalized slowdown in emerging market economies, China's rebalancing, lower commodity prices, and the gradual exit from extraordinarily accommodative monetary conditions in the United States.

Indian Economy

Indian economy has continued to consolidate the gains achieved in restoring macroeconomic stability. Inflation, fiscal deficit, and current account deficit have declined, rendering India a relative haven of macro stability in these turbulent times. Economic growth appears to be recovering, albeit at varying speeds across sectors. The Indian economy expanded 7.3% in FY 15-16, marginally higher than 6.9% recorded in the previous year. This demonstrates a soft recovery; and is expected to grow 7.6-8.0% in 2016-17. In this context, it is pertinent to mention that over the years, India has

become increasingly entwined with the world. The result is that if global growth lurches into more crises, India's growth may be seriously affected for the correlation between global and Indian growth is growing significantly.

India's long-run potential GDP growth is substantial, about 8-10 percent; but its actual growth in FY16-17 will depend upon a range of domestic and global factors. First, slow investment recovery amid balance sheet adjustments of corporates is likely to hinder investment demand. Second, with capacity utilisation in the organised industrial sector estimated at 72.5%, revival of private investment is expected to be hesitant. Thirdly, global output and trade growth remain tepid, dragging down net exports. On the positive side, the government's 'start-up' initiative, strong commitment to fiscal targets, and the thrust on bolstering infrastructure could brighten the investment climate.

Household consumption demand is expected to benefit from the Pay Commission award, continued low commodity prices, past interest rate cuts, and measures announced in the Union Budget 2016-17 to transform the rural sector. Consumer confidence remains upbeat, while the corporate sector's expectations of business conditions remain positive.

FOREIGN EXCHANGE

India's currency has faced considerable volatility for most part of the year vis-à-vis the US dollar. The rupee opened the financial year at 62.18 vis-a-vis the US Dollar in April 2015. It gradually depreciated to 64.15 levels in May 2015. It appreciated to around 63.9 in July 2015; again depreciated to 66.6 in Aug 2015. The appreciation between Oct and Nov was short-lived and the currency depreciated to 68.5 levels by February. However, in March, the rupee gained some ground closing the year at 66.14 levels.

GLOBAL TEXTILE INDUSTRY AND TRADE

According to the WTO, the global Textile and Clothing trade has touched US\$ 797 billion in CY2014. This indicates a CAGR of nearly 10% from the 2009 levels at the peak of the economic crisis. Of the total trade, clothing or apparel trade constituted US\$ 483 billion in 2014, while the remaining was on account of textile trade (US\$ 314 billion).

Leading countries (the U.S, EU and Japan) focus solely on highest-value stages of textile and apparel value chain, which are designing, marketing and distribution. Meanwhile, manufacturing activities are concentrated in China, India and other developing countries (Bangladesh, Vietnam, Pakistan, Indonesia, among others). The connection between manufacturers and the end-users created by traders from Hong Kong, South Korea and Taiwan is a unique trait of global textile and apparel sector.

INDIAN TEXTILE INDUSTRY

India's textile industry (worth around US\$ 108 billion) contributes 4% to India's GDP and constitutes 13% of the country's export earnings. It is the second largest employer after agriculture, employing over 45 million people directly and 60 million people indirectly. The industry contributes approximately 14% to the overall Index of Industrial Production (IIP).

The industry has emerged as a significant source for the global market during the last five years. The country has emerged as the third largest global exporter of textiles and apparels in 2014 after China and EU with around 4.5% market share as per WTO data for CY2014.

In apparel, India is the sixth largest exporter with around 4% market share in CY 2014 (behind

14%

The industry contributes approximately 14% to the overall Index of Industrial Production

China, EU, Turkey, Bangladesh and Vietnam). The country's position is stronger in textiles (non-clothing) trade, where it is the third largest exporter with a 5.8% share in CY2014. It was 4.2% in CY2008; and has been increasing over the last few years. It dipped in 2014 compared to 2013, mainly due to lower exports in cotton and cotton yarn, primarily to China (Figure 5).

FIGURE 5: INDIA'S SHARE IN WORLD TEXTILE (NON-CLOTHING) TRADE

Source : WTO , 2014 trade statistics for Textiles

Textile and apparel exports performed well in an otherwise dull exports scenario in FY15. A weaker rupee and firm overseas demand helped the sector add US\$ 41 billion to overall exports of US\$ 310 billion, second only to engineering goods. Besides, the domestic market is also growing considerably, and is estimated to be close to US\$ 67 billion.

The country's textile and apparel industry, especially cotton-based textiles and apparel, enjoys a sweet spot. It is driven by multiple structural changes in

the global textile scenario. On the contrary, key competing economies (China and Pakistan) are facing headwinds.

Some of India's key advantages comprise:

Cotton availability:

India, world's largest cotton producer, is also a net exporter of cotton and cotton yarn. On the other hand, China is a net importer of cotton and cotton yarn. Pakistan is a net cotton importer.

FIGURE 6: WORLD COTTON BALANCE SHEET - 2015-16 ESTIMATE (IN MN METRIC TONNES)

Competitive costs: In the last five years, India has enhanced cost competitiveness in key inputs (labour and power). Higher wage inflation and currency appreciation has made China more expensive in the last few years.

Socio-economic factors: India's strong, vibrant democracy stands out in sharp contrast vis-à-vis key competing countries, grappling with geopolitical risks. The result is that customers are sourcing more of their requirement from India. India's environmental and labour law compliances are also better than relevant competing countries.

Supportive government policies: The textile industry is a significant contributor to the country's economic engine. Hence, the central government as well as

various state governments have put in place policies, which are supportive of the industry.

Strong domestic consumption growth:

The domestic market is becoming increasingly attractive for local players over the last few years. With rising consumerism and disposable income, the retail sector has grown rapidly in the past decade. Several international players have tried to leverage those growth opportunities.

The future for the Indian textile industry looks promising, buoyed by both strong domestic consumption as well as export demand. The country's textile market is expected to reach US\$ 226 billion by 2023, implying around 10% CAGR.

The Textile Ministry's Vision 2024-25 envisages a CAGR of at least 15% in exports from FY15-25. India is expected to have a market share of 15-20% of the global textile and apparel trade from the present 5%. The domestic market is also expected to grow at 12% or higher.

HOME TEXTILES MARKET

The home textiles and furnishing sector (terry towels, bed sheets, top of the beds, curtains, pillows cases, rugs, carpets) forms a significant part of the overall textile industry. At the wholesale level, the global home textile market is estimated to be close to US\$45 billion. At the retail level, the market was valued at \$136 billion in 2015; and is likely to reach \$203 billion by 2020, growing at 8.3% CAGR.

Over the past five years, home textiles demand has grown consistently owing to rising consumer spending on home renovation, accelerating investments on infrastructure, and demand from Asian markets like India, China, Korea, and Indonesia. Product innovation and development has allowed retailers and manufacturers to widen their customer reach. Globalisation has also played a key role in market development.

The US and Europe are the largest consumers of the global home furnishings market. On the other hand, India, China, and Pakistan are among the key suppliers. While developed economies have tended towards smaller households and demand for comfort, enhanced value and convenience of use, the growth in emerging countries has been driven by an increase in the number of new homes for the burgeoning middle class, who prefer affordability and shopping convenience.

The 'India advantage' is most prominent in the home textile segment. Indian players have the scale and technology to compete with large manufacturers in China and other countries. India's share in home textile trade is around 11%, more than double its share in textiles. In the US Cotton Home textile categories (valued at US\$ 7.5billion), the country has 31% market share, very close to China's 39%. In certain product categories (towels and bed linen), the share is even higher and better than China. India has been constantly growing its market share over the last few years in this space.

The imports share of cotton towels to the US has grown significantly (from 30% to 38% from CY 2009 to CY 2015). Also in the cotton sheets segment, India's market share has grown from 27% in CY2009 to 48% in CY2015 according to the Office of Textiles and Apparels, US. Figure 9 shows the share of key competing countries in US imports in cotton towels and sheets.

KEY DEVELOPMENTS IN FY 2015-16

FY15-16 was a landmark year for WIL with its highest ever sales and profitability. While the Company maintained its dominance in the Home Textile segment, it undertook several initiatives for long-term growth and market leadership. The Company continued to receive several awards and accolades for its quality, innovation and sustainability initiatives.

Sustained leadership

WIL was ranked the No. 1 home textile supplier to the US for the fourth year in a row by the

magazine Home & Textile Today. The Company was recognized by Texprocil for highest exports in all three categories (towels, bed linen and overall home textiles). The Company recorded 13% growth in sales during the year; and was running at near-full capacity utilization in towels and bed sheets.

To cater to the growing demand, the Company embarked on an expansion of its finished product capacities. This resulted in a capacity growth of around 20% in both the Company's key products.

Product	Unit	FY16-capacity	FY-15 Capacity
Towels	MT	60,000	50,000
Bed Linen	'000 metres	72,000	60,000
Rugs & Carpets	'000 sq. metres	8,000	8,000

The Company has been gaining market share in the US, its key market. In CY15, it further increased its market share in both towels and bed linen.

Dipali Goenka

Joint Managing Director & CEO

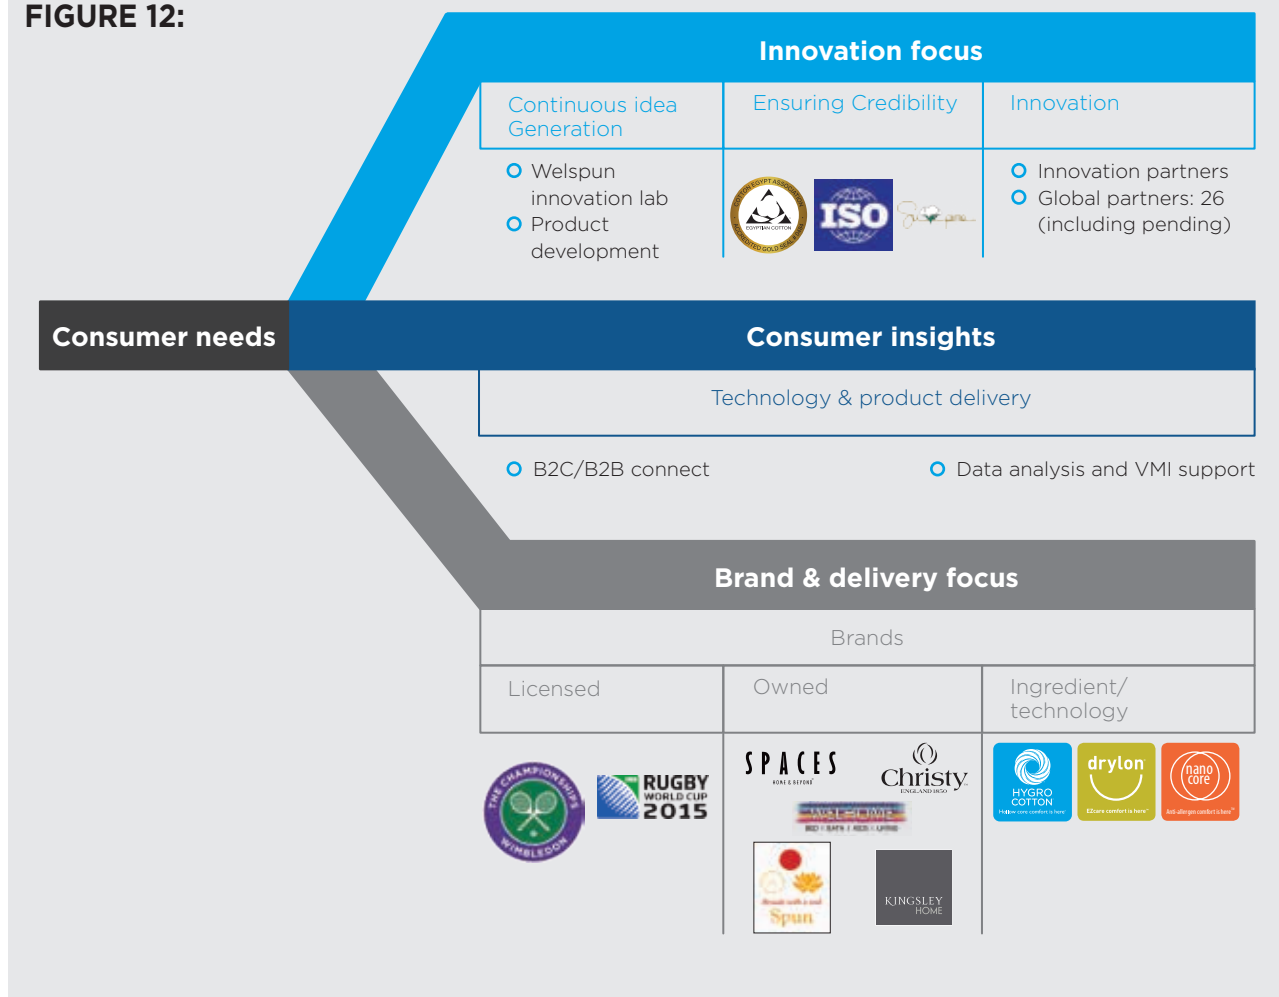

“I am excited to share that we continue to maintain our No. 1 position in the US. We have been able to maintain this position through our customer centric approach in our operations delivering superior products to our customers. Our export business continues to grow backed by improved sales in newer geographies like Europe, Japan, Russia and South Africa which has earned us the highest exporter awards across various product categories. With our focus on growing our patent portfolio to brands, we invested in a multi-million marketing campaign for our Hygro cotton® range of products made using our patented manufacturing technology. In India, we have focused on building our brands Spaces Home & Beyond & Welhome in the domestic market which grew by 47% in the previous year. We continue to focus on driving our vision to be recognized as the most innovative home textiles company in the world.”

Consumer-Centric approach

The Company's unique customer-centric approach to home textiles has helped it achieve market leadership. In the last three decades, WIL has evolved from being a commodity manufacturer to a creator of unique product and brand experiences. These experiences are created through a combination of brands, products, technologies and new channels as depicted in Figure 12.

FIGURE 12:

The Company has considerable focus on innovation and new product development. Apart from its own innovation lab, it also partners with various institutions to develop new products and solutions. During FY16, 34% of sales was contributed by innovative products developed/owned by the company.

The Company has also worked on branding and marketing its innovation. We undertook a highly successful nation-wide media campaign in the US for our patent HygroCotton® which is also now an ingredient brand. This was well received by consumers, resulting in HygroCotton® crossing the US\$100 million milestone in sales and accounting for over 10% of the Company's overall revenues.

Apart from ingredient brands, the Company also increased its focus on its own and licensed brands. The key focus during the year was the 'Spaces' brand for the domestic market. This resulted in strong growth in the domestic retail segment - 47% during the year. The share of branded sales has reached 13% in the overall Company's sales, up from 11% during the previous year.

Besides, the Company also sharpened its focus on new channels (e-commerce and hospitality). It is developing various products to cater to the hospitality segment (hotels, spas, resorts, cruise lines, and so on); the Company's hospitality business doubled during the year.

In the e-commerce segment, the Company launched its online portal – “www.shopwelspun.in” in India and “www.shopwelspun.com” in the US. WIL has also launched Christy products in the US through its e-commerce partners. These initiatives have resulted in attractive sales through new channels, touching 5% of overall sales

Not just delivering innovative products, the Company also helps its customers in their supply chain management. WIL’s dedicated data analytics

team analyses sales data from its customer stores to forecast future demand. This solution helps customers reduce inventory and increase inventory turns, while minimizing stock-outs at the same time.

Inclusive growth

Sustainability and inclusive growth are key components of Welspun’s social commitment. Some of the key initiatives are depicted in Figure 13. A more detailed look at Welspun’s Sustainability initiatives are discussed in the Sustainability Section.

OUTLOOK

The outlook for the Indian home textile industry continues to be positive. The factors which contribute to the India advantage are expected to continue over the medium term. This is expected to help India enhance its market share further in the US and other key geographies.

Welspun is well placed to capitalise on this opportunity. The Company is also planning to increase its capacity in all three major product lines – towels, bed linen and rugs and carpets.

Product	Unit	FY17 expected capacity
Towels	MT	72,000
Bed Linen	'000 meters	90,000
Rugs & Carpets	'000 sq. meters	10,000

The Company's future priorities are:

- Expanded product range
- Increased share from innovation
- New channels
- New segments
- New geographies
- Personalised/Customised products
- Achieving and maintaining operational excellence

The Company has announced Vision 2020 which aims to achieve in five years:

- Revenue of US\$ 2 billion
- Debt-free (on a net debt basis)
- Innovative products share of revenues at 40%
- Branded products share of revenue at 25%
- Domestic market share of revenue at 20%

KEY RISK FACTORS

Risk is integral to any business and WIL is no exception. The various external factors that could impact WIL's business, going forward with its mitigation measures is as below:

Rising Input Costs	Secures a significant part of its cotton requirement during the cotton season ; WIL's backward integration provides 70% of its yarn and fabric requirements; Company's 80MW captive power plant at Anjar reduces power costs and provides continuous supply
Labour Availability	The Company is continuously providing its workforce vocational training to improve their skill level. It is also focusing on improving labour retention and reducing attrition. WIL is actively employing more women to diversify its workforce. The Company has started skill development centres where it aims to train 100,000 people in five years
Poor economic environment and consumer sentiment	The Company is trying to address this through geographic diversification into newer market regions such as Korea, Australia and Japan as well as the domestic market.
Competition	Company's strategy of providing end-to-end solutions and innovative products, and maintaining strong relationship with clients helps in reducing competitive risks.
Currency movements	Hedges significant portion of its export revenues expected for the following year
Change in Indian Government Policies	The Company continuously monitors Govt policies and take measures to minimize any adverse impact.
Trade Barriers	Geographic diversification to reduce impact of trade barrier imposed by any particular country.

HUMAN RESOURCE

The Company believes that human capital is its most important asset. WIL has 19,156 permanent employees on its payroll as on 31.03.2016, There are several measures taken to ensure a positive work environment for all its employees.

WIL's key HR initiatives comprise:

Employee Development: WIL focuses on building a strong leadership pipeline to catapult the organization into the position of the 'Most Innovative Home Textiles' brand in the market. To achieve this objective, WIL has instituted the 'Welspun Leadership Academy' in partnership with the people consulting firm, Hay Group. These interventions will help the participants live the Welspun values, collaborate and lead teams more effectively. As a part of this journey, the leaders have also undergone assessments that have helped them unearth some of the behaviours that determine why they do what they do. The leadership development journey also has elements of gamification such as badges and medals to incentivize positive behaviors.

Apart from Leadership Academy, Welspun Group has also partnered with Indian School of Business (ISB) for designing and delivering a customized general management course for its senior leaders to support their learning and development. The General Management Programme aims at developing these leaders on areas of Customer Focused Marketing Strategy, Operational Excellence and other areas of business relevance.

Talent Acquisition: New concepts like predictive index test and behavioural interview are used to match the person's capabilities to the profile requirement.

Employee Communication & Engagement: These initiatives include mini town halls, coffee with Director, shining star, shabash workers and skip

levels. The objective is to develop a culture that recognises employees as an integral part of the organisation.

Diwali, Women's day, Holi and monthly birthdays are celebrated in the organisation. Welspun Women's Cricket League and monthly newsletters were some other employee-engagement initiatives taken during the year.

WIL also engaged with educational institutions; some of the Company's top leaders conducted interactive sessions in those institutes. Further, the Company invited a few educational institutes to visit its facility for better understanding.

INTERNAL CONTROL SYSTEM AND ITS ADEQUACY

The internal control system encompasses the policies, processes, tasks, behaviours and other aspects of WIL that taken together, facilitate effective and efficient operation, quality of internal and external reporting, compliance with applicable laws and regulations. WIL's objectives, its internal organisation and the environment in which it operates are continuously evolving and as a result, the risks it faces are continuously changing. To make its internal control effective and sound, WIL thoroughly and regularly evaluates the nature and extent of risks to which the Company is exposed. The operation and monitoring of the system of internal control has been taken by individuals who collectively possess the necessary skills, technical knowledge, objectivity, understanding of the Company, industries and markets in which it operates. The qualified, experienced and independent Audit Committee of the Board of Directors actively reviews the adequacy and effectiveness of internal controls systems and suggests improvements for strengthening whenever required. WIL has a strong Management Information System, which is an integral part of the control mechanism.

DISCUSSION OF FINANCIAL PERFORMANCE - FY16

FY16 was the 'Best Ever' financial year for WIL with the Company recording the highest annual sales and profitability in its history. WIL crossed the ₹ 7 billion milestone for PAT, during the year. The operating EBITDA margin also reached an all-time high level, at 26%. The Company generated free cash flows after meeting the year's capex requirements.

Gujarat, India.
CIN: L17110GJ1985PLC033271
BSE Scrip Code – 514162
NSE Code – WELSPUNIND Series EQ

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **WELSPUN INDIA LIMITED** (hereinafter referred to as 'the Company'). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on March 31, 2016 ('Audit Period'), complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance – mechanism in place to the extent, in the manner and subject to the reporting made hereinafter :

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2016 according to the provisions of:

- | | |
|--|---|
| <ul style="list-style-type: none"> (i) The Companies Act, 2013 / The Companies Act, 1956 (the Act) and the rules made thereunder; (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder; (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder; | <ul style="list-style-type: none"> (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings; (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI ACT'):- <ul style="list-style-type: none"> (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015; (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009; (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 and The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 notified on 28 October 2014; (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Act and dealing with client; (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; (No event occurred requiring compliance during the audit period) and |
|--|---|

- (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998; (No event occurred requiring compliance during the audit period).

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standard issued by The Institute of Company Secretaries of India;
- (ii) Listing Agreements / SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 entered into by the Company with Bombay Stock Exchange Limited and The National Stock Exchange of India Limited.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards etc. as mentioned above.

I further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non – Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings. Agenda and detailed notes on agenda thereon were sent in compliance to the Act, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Decisions were carried out through by majority, while the dissenting members' views, if any, are captured and recorded as part of the minutes.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

INDEPENDENT AUDITOR'S REPORT

To The Members of Welspun India Limited

REPORT ON THE STANDALONE FINANCIAL STATEMENTS

1. We have audited the accompanying standalone financial statements of **Welspun India Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2016, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

MANAGEMENT'S RESPONSIBILITY FOR THE STANDALONE FINANCIAL STATEMENTS

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements to give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and Accounting Standard 30, Financial Instruments: Recognition and Measurement issued by the Institute of Chartered Accountants of India to the extent it does not contradict any other accounting standard referred to in Section 133 of the Act read with Rule 7 of Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

3. Our responsibility is to express an opinion on these standalone financial statements based on our audit.

4. We have taken into account the provisions of the Act and the Rules made thereunder including the accounting standards and matters which are required to be included in the audit report.
5. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.
7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

OPINION

8. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2016, and its profit and its cash flows for the year ended on that date.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

9. As required by 'the Companies (Auditor's Report) Order, 2016', issued by the Central Gov-

ernment of India in terms of sub-section (11) of section 143 of the Act (hereinafter referred to as the "Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order.

10. As required by Section 143 (3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors as on March 31, 2016 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2016 from being appointed as a director in terms of Section 164 (2) of the Act.

(f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure A.

(g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our knowledge and belief and according to the information and explanations given to us:

- i. The Company has disclosed the impact of pending litigations as at March 31, 2016 on its financial position in its standalone financial statement.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasona-

ble assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal

financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B

to Independent Auditor's Report

Referred to in paragraph 9 of the Independent Auditor's Report of even date to the members of Welspun India Limited on the standalone financial statements as of and for the year ended March 31, 2016

- i. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.
 - (b) The fixed assets of the Company have been physically verified by the Management during the year and no material discrepancies have been noticed on such verification. In our opinion, the frequency of verification is reasonable.
 - (c) The title deeds of immovable properties, as disclosed in Note 13 on fixed assets to the financial statements, are held in the name of the Company.
- ii. The physical verification of inventory excluding stocks with third parties and stocks in transit have been conducted at reasonable intervals by the Management during the year. In respect of inventory lying with third parties, these have substantially been confirmed by them. The discrepancies noticed on physical verification of inventory as compared to book records were not material.
- iii. The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Therefore, the provisions of Clause 3(iii), (iii)(a), (iii)(b) and (iii)(c) of the said Order are not applicable to the Company.
- iv. In our opinion, and according to the information and explanations given to us, the Company has

complied with the provisions of Section 185 and 186 of the Companies Act, 2013 in respect of the loans and investments made, and guarantees provided by it.

- v. The Company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed there under to the extent notified.
- vi. Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under Section 148(1) of the Act in respect of its products. We have broadly reviewed the same, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is regular in depositing the undisputed statutory dues, including provident fund, employees' state insurance, income tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, with the appropriate authorities.
- (b) According to the information and explanations given to us and the records of the Company examined by us, there are no dues of service-tax, duty of custom and cess which have not been deposited on account of any dispute. NOTES TO THE FINANCIAL STATEMENTS

For the year ended March 31, 2016

1. GENERAL INFORMATION

Welspun India Limited (WIL) is a leading manufacturer of wide range of home textile products, mainly terry towels, bed linen products and rugs. The Company is a public limited company and is listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

These financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis. Pursuant to Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014, till the standards of accounting or any addendum thereto are prescribed by Central Government in consultation and recommendation of the National Financial Reporting Authority, the existing Accounting Standards notified under the Companies Act, 1956 shall continue to apply.

Consequently, these financial statements have been prepared to comply in all material aspects with the accounting standards notified under Section 211(3C) of the Companies Act, 1956 [Companies (Accounting Standards) Rules, 2006, as amended] and other relevant provisions of the Companies Act, 2013, and Accounting Standard 30, Financial Instruments: Recognition and Measurement issued by the Institute of Chartered Accountants of India to the extent it does not contradict any other accounting standard referred to in sub-section (3C) of Section 211 of the Act.

The Ministry of Corporate Affairs (MCA) has notified the Companies (Accounting Standards) Amendment Rules, 2016 vide its notification dated March 30, 2016. The said notification read with Rule 3(2) of the Companies (Accounting Standards) Rules, 2006 is applicable to accounting period commencing on or after the date of notification i.e. April 1, 2016.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalent,

the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

2.2 Tangible Assets

Tangible Assets except land are stated at cost (net of cenvat credit, wherever applicable) less accumulated depreciation and impairment losses, if any.

Subsequent expenditures related to an item of fixed asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

Losses arising from the retirement of, and gains or losses arising from disposal of fixed assets which are carried at cost is recognised in the Statement of Profit and Loss.

Depreciation on tangible assets, other than plant and machinery (except electrical installations) is provided on a pro-rata basis on the straight-line method over the estimated useful lives.

Assets	Useful Life (years)
Factory Building	28
Residential and Other Buildings	58
Vehicles	5
Electrical Installation	10
Furniture and Fixtures	10
Office Equipment	5
Computers	3

Consequent to the enactment of the Companies Act, 2013 (the Act) and its applicability for accounting periods commencing from April 1, 2014, the Company has, wherever required, to reflect the actual usage of above mentioned assets, realigned the remaining useful lives of few assets in accordance with the provisions prescribed under Schedule II to the Act. Also refer Note 4 (b).

Depreciation on additions/ deletions to fixed assets is calculated pro-rata from/ up to the date of such additions/ deletions.

Plant and Machinery (except electrical installations) is depreciated on written down value method over the useful life ranging between 7.5 years to 18 years, based on technical evaluation done by Management's expert, which is equal to

NOTES TO THE FINANCIAL STATEMENTS

For the year ended March 31, 2016

or lower than the life prescribed under Schedule II to the Companies Act, 2013 in order to reflect the actual usage of the assets. The estimated useful lives of Plant and Machinery based on technical evaluation, has not undergone a change on account of transition to the Companies Act, 2013.

Leasehold improvements are amortised on straight-line basis over the primary period of lease or its useful life, whichever is lower.

2.3 Intangible Assets

Intangible Assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets comprise of computer software which is amortised on the straight-line method over a period of five years. Cost of software includes license fees and implementation/ integration expenses.

2.4 Borrowing Costs

Borrowing costs include interest, other costs incurred in connection with borrowing and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred.

2.5 Investments

Investments that are readily realisable and are intended to be held for not more than one year from the date, on which such investments are made, are classified as current investments. All other investments are classified as long term investments. Current investments are carried at cost or fair value, whichever is lower. Long-term investments are carried at cost. However, provision for diminution is made to recognise a decline, other than temporary, in the value of the investments, such reduction being determined and made for each investment individually.

2.6 Inventories

- (a) Inventories are stated at lower of cost and net realisable value.
- (b) Cost of raw materials (includes packing material) and stores and spares are determined on weighted average basis. Cost of traded goods is determined on weighted average basis. Cost of work-in-progress and finished goods comprises of raw material, direct labor, other direct costs and related production overheads. Net realisable value is the estimate of the selling price in the ordinary course of the business, less the estimated costs of completion and the estimated costs necessary to make the sale.

2.7 Current Tax and Deferred Tax

Tax expense for the period, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the period. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the taxation laws prevailing in the respective jurisdictions.

Deferred tax is recognised for all the timing differences, subject to the consideration of prudence in respect of deferred tax assets. Deferred tax assets are recognised and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. At each Balance Sheet date, the group reassesses unrecognised deferred tax assets, if any.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off assets against liabilities representing current tax and where the deferred tax assets and the deferred tax liabilities relate to taxes on income levied by the same governing taxation laws.

Minimum Alternative Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended March 31, 2016

Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

2.8 Employee Benefits

Provident Fund

The Contribution towards provident fund for certain employees is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis.

Superannuation Fund

Contribution towards superannuation fund for certain employees is made to SBI Life Insurance Company where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from contribution made on monthly basis.

Gratuity

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognised in the statement of Profit and Loss in the year in which they arise.

Gratuity Fund is recognised by the income tax authorities and is administered through trustees. The Employee's Gratuity Trust takes group gratuity policies with insurance companies.

Compensated Absences

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year end are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as

the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/ gains are recognised in the Statement of Profit and Loss in the year in which they arise.

2.9 Foreign Currency Translation

Initial Recognition

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Subsequent Recognition

As at the reporting date, non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. All non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined. All monetary assets and liabilities in foreign currency are restated at the end of accounting period.

Exchange differences on restatement of all other monetary items are recognised in the Statement of Profit and Loss.

Forward Exchange Contracts and Swaps

In respect of forward exchange contracts, other than forward exchange contracts in respect of firm commitments and highly probable forecast transactions, the premium or discount arising at the inception of forward exchange contract, is amortised as expense or income over the life of the contract. Exchange differences on such contracts are recognised in the Statement of Profit and Loss in the reporting period in which the exchange rates change. Any profit or loss arising on cancellation or renewal of such a forward exchange contract is recognised as income or as expense for the period.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended March 31, 2016

In respect of forward exchange contracts taken to hedge the risks associated with foreign currency fluctuations relating to firm commitments and highly probable forecast transactions and interest rate swaps, the Company has adopted Accounting Standard 30 'Financial Instruments: Recognition and Measurement'. Accordingly, forward exchange contracts relating to firm commitments and highly probable forecast transactions and interest rate swaps are fair valued at each reporting date.

Changes in the fair value of these hedging instruments that are designated and considered as effective hedges of highly probable forecasted transactions are recognised directly in shareholders' funds under 'Hedging Reserve Account' to be recognised in the Statement of Profit and Loss when the underlying transaction occurs. Changes in the fair value of the hedging instruments that do not qualify for hedge accounting are recognised in the Statement of Profit and Loss as they arise.

2.10 Revenue Recognition

- (a) Sale of Products: Sales are recognised when the significant risks and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract and are recognised net of trade discounts, rebates, sales taxes and excise duties. Domestic sales are recognised on dispatch to customers. Export sales are recognised on the date of cargo receipts, bill of lading or other relevant documents, in accordance with the terms and conditions for sales.
- (b) Export Benefits: In case of sale made by the Company as Support Manufacturer, export benefits arising from Duty Entitlement Pass Book (DEPB), Duty Drawback scheme, Merchandise Export Incentive Scheme and Focus Market Scheme are recognised on export of such goods in accordance with the agreed terms and conditions with customers. In case of direct exports made by the Company, export benefits arising from DEPB, Duty Drawback scheme, Merchandise Export Incentive Scheme and Focus Market Scheme are recognised on shipment of direct exports.

2.11 Other Income

Interest: Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend: Dividend income is recognised when the right to receive dividend is established.

Income on Statusholder Incentive Scheme is recognised when the license is actually utilised against purchase of Plant and Machinery.

2.12 Government Grants

Government grants are accounted for when it is reasonably certain that ultimate collection will be made. Capital grants relating to specific assets granted under the Technology Upgradation Fund Scheme (TUFS) are reduced from the gross value of the Fixed Assets. Revenue grants, in the nature of interest subsidy are adjusted against interest expense. Revenue grants, in the nature of Sales Tax benefits are recognized in the Statement of Profit and Loss on a systematic/ appropriate basis.

2.13 Impairment

Assessment is done at each balance sheet date as to whether there is any indication that an asset (tangible and intangible) may be impaired. If any such indication exists, an estimate of the recoverable amount of the asset/cash generating unit is made. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. For the purpose of assessing impairment, the recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. The smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit (CGU). An asset or CGU whose carrying value exceeds its recoverable amount is considered impaired and is written down to its recoverable amount. Assessment is also done at each balance sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased. An impairment loss is reversed to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognised.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended March 31, 2016

2.14 Provisions and Contingent Liabilities

Provisions: Provisions are recognised when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date and are not discounted to its present value.

Contingent Liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

2.15 Employees Stock Option Schemes

Equity settled stock options granted under "Employee Stock Option Schemes" are accounted for as per the accounting treatment prescribed by the Guidance Note on Employee Share-based Payments issued by the Institute of Chartered Accountants of India as required by the Securities and Exchange Board of India (share Based Employee Benefits) Regulations, 2014.

2.16 Leases

As a lessee:

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease.

As a lessor:

The Company has leased certain tangible assets and such leases where the Company has substantially retained all the risks and rewards of ownership are classified as operating leases. Lease income on such operating leases are recognised in the Statement of Profit and Loss on a straight line basis over the lease term which is representative of the time pattern in which benefit derived from the use of the leased asset is diminished. Initial direct costs are recognised as an expense in the Statement of Profit and Loss in the period in which they are incurred.

2.17 Cash and Cash Equivalents

In the cash flow statement, cash and cash equivalents include cash in hand, demand deposits with banks and other short-term highly liquid investments with original maturities of three months or less.

2.18 Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period after deducting preference dividends and any attributable tax thereto for the period, if any. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

36. DETAILS OF EMPLOYEES STOCK OPTIONS

On June 30, 2009, the Company issued Employee Stock Options (ESOP) under the Employee Stock Options Scheme (the "Scheme") to employees of the Company with a right to subscribe to equity shares ("New Options") at a price of ₹ 35.60 per equity share (closing market price as on June 30, 2009). The salient features of the Scheme are as under:

- (i) Vesting: Options to vest over a period of four years from the date of their grants as under:
 - 20% of the Options granted to vest at each of the 1st and 2nd anniversaries of the date of grant.
 - 30% of the Options granted to vest at each of the 3rd and 4th anniversaries of the date of grant.
- (ii) Exercise: Options vested with an employee will be exercisable within 3 years from the date of their vesting by subscribing to the number of equity shares in the ratio of one equity share for every option at the Exercise Price. In the event of cessation of employment due to death, resignation or otherwise, the Options may lapse or be exercisable in the manner specifically provided for in the Scheme.

Date of Grant	June 30, 2009
Number of Options Granted	2,265,000
Vesting Conditions	The options would vest only if the option grantee continues to be in employment of the Company at the time the options are due to vest.
Exercise Period	3 years
Exercise Price	₹ 35.60 (Face Value ₹ 10)

The compensation costs of stock options granted to employees are accounted by the Company as per the accounting treatment prescribed by the Guidance Note on Employee Share Based Payments issued by the Institute of Chartered Accountants of India as required by the Securities and Exchange Board of India (Share based Employee Benefits) Regulations, 2014. The value of underlying share has been determined by an independent valuer. Since, on the date of grant of option, quoted market price of the underlying equity shares of the Company was equal to the exercise price of an option, no expense or liability arising from the Scheme has been recognised.

The Company's earnings per share would have been as under, had the compensation cost for employees stock options been recognised based on the fair value at the date of grant in accordance with Black Scholes' model.

INDEPENDENT AUDITOR'S REPORT

To the Members of Welspun India Limited

REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS

1. We have audited the accompanying consolidated financial statements of **Welspun India Limited** ("hereinafter referred to as the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") (refer Note 1 to the attached consolidated financial statements), comprising of the consolidated Balance Sheet as at March 31, 2016, the consolidated Statement of Profit and Loss, the consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information prepared based on the relevant records (hereinafter referred to as "the Consolidated Financial Statements").

MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

2. The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with accounting principles generally accepted in India including the Accounting Standards specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014 and Accounting Standard 30, Financial Instruments: Recognition and Measurement issued by the Institute of Chartered Accountants of India to the extent it does not contradict any other accounting standard referred to in Section 133 of the Act read with Rule 7 of Companies (Accounts) Rules, 2014. The Holding Company's Board of Directors is also responsible for ensuring accuracy of records including financial information considered necessary for the preparation of Consolidated Financial Statements. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgements and

estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which has been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

AUDITOR'S RESPONSIBILITY

3. Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act and the Rules made thereunder including the accounting standards and matters which are required to be included in the audit report.
4. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.
5. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

6. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph 8 of the Other Matter paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

OPINION

7. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group as at March 31, 2016, and their consolidated profit and their consolidated cash flows for the year ended on that date.

OTHER MATTER

These financial statements / financial information have been audited by other auditors whose reports have been furnished to us by the Management, and our opinion on the consolidated financial statements in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-sections (3) and (11) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

9. As required by Section 143(3) of the Act, we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- (b) In our opinion, proper books of account as required by law maintained by the Holding Company, its subsidiaries included in the Group incorporated in India including relevant records relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and records of the Holding Company and the reports of the other auditors.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained by the Holding Company, its subsidiaries included in the Group incorporated in India including relevant records relating to the preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2016 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on March 31, 2016 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company, its subsidiary companies incorporated in India and the operating effectiveness of such controls, refer to our separate Report in Annexure A.

(g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The consolidated financial statements disclose the impact, if any, of pending litigations as at March 31, 2016 on the consolidated financial position of the Group.

- ii. The Group has long-term contracts as at March 31, 2016 for which there were no material foreseeable losses. The Company does not have long term derivative contracts as at March 31, 2016.

ANNEXURE A

to Independent Auditor's Report

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE ACT

1. In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2016, we have audited the internal financial controls over financial reporting of Welspun India Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies, which are companies incorporated in India, as of that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

2. The respective Board of Directors of the Holding company, its subsidiary companies which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on "internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the

Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide

reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

8. In our opinion, the Holding Company, its subsidiary companies which are companies incorporated in India, have, in all material respects, an adequate internal financial controls

system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

OTHER MATTERS

9. Our aforesaid reports under Section 143(3) (i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to 4 subsidiary companies which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India. Our opinion is not qualified in respect of this matter.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of Preparation

These consolidated financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis, except for certain tangible assets which are being carried at revalued amounts. Pursuant to section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014,

till the standards of accounting or any addendum thereto are prescribed by Central Government in consultation and recommendation of the National Financial Reporting Authority, the existing Accounting Standards notified under the Companies Act, 1956 shall continue to apply.

Consequently, these financial statements have been prepared to comply in all material aspects with the accounting standards notified under Section 211(3C) [Companies

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year Ended March 31, 2016

(Accounting Standards) Rules, 2006, as amended] and other relevant provisions of the Companies Act, 2013 and Accounting Standard 30, Financial Instruments: Recognition and Measurement issued by the Institute of Chartered Accountants of India to the extent it does not contradict any other accounting standard referred to in sub-section (3C) of Section 211 of the Act.

The Ministry of Corporate Affairs (MCA) has notified the Companies (Accounting Standards) Amendment Rules, 2016 vide its notification dated March 30, 2016. The said notification read with Rule 3(2) of the Companies (Accounting Standards) Rules, 2006 is applicable to accounting period commencing on or after the date of notification i.e. April 1, 2016

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and other criteria set out in the Revised Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the group has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

2.2 Principles of Consolidation

The consolidated financial statements relate to Welspun India Limited (the "Company"), its subsidiary companies and joint venture company (together the "Group"). The consolidated financial statements have been prepared on the following basis:

The financial statements of the Company and its subsidiary companies have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances, intra-group transactions and resulting unrealised profits or losses on intra-group transactions.

The difference between the cost of investment in the subsidiaries over the Company's portion of equity of the subsidiary is recognised in the financial statements as Goodwill or Capital Reserve.

Minority Interest in the net assets of consolidated subsidiaries consist of :

- The amount of equity attributable to minorities at the date on which investment in a subsidiary is made; and
- The minority's share of movements in equity since the date the parent subsidiary relationship comes into existence

In the consolidated financial statements, the Company has reported its interest in the joint venture companies under AS-27 using proportionate consolidation method whereby the Company's share of each of the assets, liabilities, income and expenses of the jointly controlled entities is reported as separate line items, after eliminating proportionate unrealised profits or losses attributable to the interest of the Company.

The consolidated Statement of Profit and Loss reflects the investor's share of the results of operations of the investee.

The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are prepared to the extent possible, in the same manner as the Company's separate financial statements.

2.3 Tangible Assets

Tangible Assets except land are stated at cost (net of cenvat credit, wherever applicable) less accumulated depreciation and impairment losses, if any.

Subsequent expenditures related to an item of fixed asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

Losses arising from the retirement of, and gains or losses arising from disposal of fixed assets which are carried at cost are recognised in the Statement of Profit and Loss.

Depreciation on tangible assets, other than plant and machinery (except electrical

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

installations), is provided on straight-line method over the estimated useful lives.

Assets	Useful Life
Factory Building	28
Residential and Other Buildings	30 - 58
Vehicles	5 - 10
Electrical Installation	10
Furniture and Fixtures	10
Office Equipment	5
Computers	3 - 4
Roads, fencing, ashpond, etc.	3- 5

Plant and Machinery (except electrical installations) is depreciated on written down value method over the useful life ranging between 7.5 years to 20 years.

Depreciation on additions/ deletions to fixed assets is calculated pro-rata from/ up to the date of such additions/ deletions.

Amortisation of leasehold improvements is computed on the straight line method over the term of the related lease including extensions which are reasonably expected to occur, which is not in excess of the estimated useful lives of such improvements.

2.4 Intangible Assets

Intangible Assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets include computer software which is amortised on the straight-line method over a period of five years. Cost of software includes license fees and implementation/ integration expenses.

Goodwill arising on consolidation of a certain subsidiary sub-group is amortised on a straight line basis over its estimated useful economic life of 20 years. Further, goodwill on consolidation is tested for impairment on an annual basis.

2.5 Borrowing Costs

Borrowing costs include interest, other costs incurred in connection with borrowing and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

General and specific borrowing costs directly attributable to the acquisition, construction

or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred.

2.6 Investments

Investments that are readily realisable and are intended to be held for not more than one year from the date, on which such investments are made, are classified as current investments. All other investments are classified as long term investments. Current investments are carried at cost or fair value, whichever is lower. Long-term investments are carried at cost. However, provision for diminution is made to recognise a decline, other than temporary, in the value of the investments, such reduction being determined and made for each investment individually.

2.7 Inventories

Inventories are stated at lower of cost and net realisable value.

Cost of raw materials (includes packing material) and stores and spares is determined on weighted average basis. Cost of traded goods is determined on weighted average basis. Cost of work-in-progress and finished goods comprises of raw material, direct labor, other direct costs and related production overheads. Net realisable value is the estimate of the selling price in the ordinary course of the business, less the estimated costs of completion and the estimated costs necessary to make the sale.

2.8 Current Tax and Deferred Tax

Tax expense for the period, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the period. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the taxation laws prevailing in the respective jurisdictions.

Deferred tax is recognised for all the timing differences, subject to the consideration of prudence in respect of deferred tax assets.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year Ended March 31, 2016

Deferred tax assets are recognised and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. At each Balance Sheet date, the group reassesses unrecognised deferred tax assets, if any.

Deferred tax assets arising in situations where there are brought forward losses and unabsorbed depreciation as per the Income Tax Act, 1961, of India, are recognized only when there is a virtual certainty supported by convincing evidence that such assets will be realized.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off assets against liabilities representing current tax and where the deferred tax assets and the deferred tax liabilities relate to taxes on income levied by the same governing taxation laws.

Minimum Alternative Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

2.9 Employee Benefits

Provident Fund and other Social Security funds

Contribution towards provident fund, employee's state insurance fund, employee's pension scheme and various other social security funds are generally administered by the respective Government authorities in respect of which the group has no further obligations. Such benefits are classified as Defined Contribution Schemes as the group

does not carry any further obligations, apart from the contributions made on a monthly basis.

Superannuation Fund

Contribution towards superannuation fund for certain employees is made to an insurance company where the group has no further obligations. Such benefits are classified as Defined Contribution Schemes as the group does not carry any further obligations, apart from contribution made on monthly basis.

Gratuity

Certain companies in the Group provide for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The entities liabilities are actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognised in the Statement of Profit and Loss in the year in which they arise.

Gratuity Fund is recognised by the income tax authorities and is administered through trustees. The Employee's Gratuity Trust takes group gratuity policies with insurance companies.

Compensated Absences

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year end are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long term employee benefits. The Company's entity's liability is actuarially determined (using the Projected

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Unit Credit method) at the end of each year. Actuarial losses/ gains are recognised in the Statement of Profit and Loss in the year in which they arise.

2.10 Foreign Currency Translation

Initial Recognition

In respect of the Company, its subsidiaries incorporated in India and its jointly controlled entity, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Subsequent Recognition

As at the reporting date, non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. All non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined. All monetary assets and liabilities in foreign currency are restated at the end of accounting period.

Exchange differences on restatement of all other monetary items are recognised in the Statement of Profit and Loss.

Translation of foreign operations

Foreign operations are classified as either 'integral' or 'non-integral' operation. Exchange differences arising on a monetary item that, in substance, forms part of an enterprise's net investment in a non-integral foreign operation are accumulated in the Foreign Currency Translation Reserve until the disposal of the net investment, at which time they are recognised as income or as expenses.

Forward Exchange Contracts and Swaps

In respect of forward exchange contracts, other than forward exchange contracts in respect of firm commitments and highly probable forecast transactions, the premium or discount arising at the inception of forward exchange contract, is amortised as expense or income over the life of the contract. Exchange differences on such

contracts are recognised in the Statement of Profit and Loss in the reporting period in which the exchange rates change. Any profit or loss arising on cancellation or renewal of such a forward exchange contract is recognised as income or as expense for the period.

In respect of forward exchange contracts taken to hedge the risks associated with foreign currency fluctuations relating to firm commitments and highly probable forecast transactions and interest rate swaps, the group has adopted Accounting Standard 30 'Financial Instruments: Recognition and Measurement'. Accordingly, forward exchange contracts relating to firm commitments and highly probable forecast transactions and interest rate swaps are fair valued at each reporting date.

Changes in the fair value of these hedging instruments that are designated and considered as effective hedges of highly probable forecasted transactions are recognised directly in shareholder's funds under 'Hedging Reserve Account' to be recognised in the Statement of Profit and Loss when the underlying transaction occurs. Changes in the fair value of the hedging instruments that do not qualify for hedge accounting are recognised in the Statement of Profit and Loss as they arise.

2.11 Revenue Recognition

- (a) Sale of Products: Sales are recognised when the significant risks and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract and are recognised net of trade discounts, rebates, sales taxes and excise duties. Domestic sales are recognised on dispatch to customers. Export sales are recognised on the date of cargo receipts, bill of lading or other relevant documents, in accordance with the terms and conditions for sales.
- (b) Revenue from supply of power is recognised on an accrual basis based on the billing to customers in accordance with the terms of agreements entered with them. Revenue from supply of steam is recognised on an accrual basis.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year Ended March 31, 2016

(c) Export Benefits: In case of sale made by the Company as Support Manufacturer, export benefits arising from Duty Entitlement Pass Book (DEPB), Duty Drawback scheme, Merchandise Export Incentive Scheme and Focus Market Scheme are recognised on export of such goods in accordance with the agreed terms and conditions with customers. In case of direct exports made by the Company, export benefits arising from DEPB, Duty Drawback scheme, Merchandise Export Incentive Scheme and Focus Market Scheme are recognised on shipment of direct exports.

2.12 Other Income

Interest: Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividend: Dividend income is recognised when the right to receive dividend is established.

Income on Statusholder Incentive Scheme is recognised when the license is actually utilised against purchase of Plant and Machinery

2.13 Government Grants

Government grants are accounted for when it is reasonably certain that ultimate collection will be made. Capital grants relating to specific assets granted under the Technology Upgradation Fund Scheme (TUFS) are reduced from the gross value of the Fixed Assets. Revenue grants, in the nature of interest subsidy are adjusted against interest expense. Revenue grants, in the nature of Sales Tax benefits are recognized in the Statement of Profit and Loss on a systematic/ appropriate basis.

2.14 Impairment

Assessment is done at each balance sheet date as to whether there is any indication that an asset (tangible and intangible) may be impaired. If any such indication exists, an estimate of the recoverable amount of the asset/cash generating unit is made. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its

value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. For the purpose of assessing impairment, the recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. The smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit (CGU). An asset or CGU whose carrying value exceeds its recoverable amount is considered impaired and is written down to its recoverable amount. Assessment is also done at each balance sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased. An impairment loss is reversed to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognised.

2.15 Provisions and Contingent Liabilities

Provisions: Provisions are recognised when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date and are not discounted to its present value.

Contingent Liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year Ended March 31, 2016

2.16 Employees Stock Option Schemes

Equity settled stock options granted under "Employee Stock Option Schemes" are accounted for as per the accounting treatment prescribed by the Guidance Note on Employee Share-based Payments issued by the Institute of Chartered Accountants of India as required by the Securities and Exchange Board of India (Share Based Employee Benefits) Regulation, 2014.

2.17 Leases

As a lessee:

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease.

As a lessor:

The Group has leased certain tangible assets and such leases where the Group has substantially retained all the risks and rewards of ownership are classified as operating leases. Lease income on such operating leases are recognised in the Statement of Profit and Loss on a straight line basis over the lease term which is representative of the time pattern in which benefit derived from the use of the leased asset is diminished. Initial direct costs are recognised as an expense in the Statement

of Profit and Loss in the period in which they are incurred.

2.18 Cash and Cash Equivalents

In the cash flow statement, cash and cash equivalents include cash in hand, demand deposits with banks and other short-term highly liquid investments with original maturities of three months or less.

2.19 Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period after deducting preference dividends and any attributable tax thereto for the period, if any. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

35. DETAILS OF EMPLOYEES STOCK OPTIONS

On June 30, 2009, the Company issued Employee Stock Options (ESOP) under the Employee Stock Options Scheme (the "Scheme") to employees of the Company with a right to subscribe to equity shares ("New Options") at a price of ₹ 35.60 per equity share (closing market price as on June 30, 2009). The salient features of the Scheme are as under:

- (i) Vesting: Options to vest over a period of four years from the date of their grants as under:
 - 20% of the Options granted to vest at each of the 1st and 2nd anniversaries of the date of grant.
 - 30% of the Options granted to vest at each of the 3rd and 4th anniversaries of the date of grant.
- (ii) Exercise: Options vested with an employee will be exercisable within 3 years from the date of their vesting by subscribing to the number of equity shares in the ratio of one equity share for every option at the Exercise Price. In the event of cessation of employment due to death, resignation or otherwise, the Options may lapse or be exercisable in the manner specifically provided for in the Scheme.

The compensation costs of stock options granted to employees are accounted by the Company as per the accounting treatment prescribed by the Guidance Note on Employee Share Based Payments issued by the Institute of Chartered Accountants of India as required by the Securities and Exchange Board of India (Share based Employee Benefits) Regulations, 2014. The value of underlying share has been determined by an independent valuer. Since, on the date of grant of option, quoted market price of the underlying equity shares of the Company was equal to the exercise price of an option, no expense or liability arising from the Scheme has been recognised.

The Group's earnings per share would have been as under, had the compensation cost for employee's stock options been recognised based on the fair value at the date of grant in accordance with Black Schole's model.
